Profit Sharing Pool

Second Quarter 2022

The 9/1/18 USW agreement provides for a profit sharing pool of 7.5% of the company's profits, defined as Earnings Before Interest and Taxes (EBIT). The company reported an unaudited Adjusted EBIT of \$479,010,476.86. As a result, there was \$35,925,785.76 in profit sharing generated for the pool using the Basic Labor Agreement calculations.

PEP payments since 9/1/12 are \$34,640,000. This is in excess of the \$26,500,000 pre-existing pool which was funded by the 2012 Basic Labor Agreement by \$8,140,000. \$4,430,000 was deducted from the profit sharing generated in Q1 2021, \$620,000 was deducted from the profit sharing generated in Q2 2021, \$720,000 was deducted from the profit sharing generated in Q3 2021, \$180,000 was deducted from the profit sharing generated in Q4 2021, \$1,520,000 was deducted from the profit sharing generated in Q1 2022 and the balance of \$670,000 will be deducted from the profit sharing generated in Q2 2022. As a result, the Q2 2022 profit sharing pool after the PEP deduction is \$35,255,785.76.

There were 6,169,223.58 eligible hours worked resulting in a profit sharing amount of \$5.715 per hour with a maximum of 48 eligible hours per week.
